Traditional Auction

Exchange occurs at the end of the auction. This means that if the reserve is met or exceeded and the auction timer reaches zero, the successful bidder is legally obliged to pay the purchase price and the seller will be legally obliged to sell the property. To ensure that the successful bidder proceeds, the buyer is automatically charged a holding deposit, which is held in a secure client account, pursuant to the terms of a holding deposit agreement.

Pricing information

The Guide Price amount specified is an indication of each seller's minimum expectation. It is not necessarily the amount at which the property will sell. Each property will be offered subject to a Reserve (a figure below which the property will not be sold) which we expect will be set no more than 10% above the Guide Price amount.

Where there is a conflict between the fees stated in the particulars, the bid information box above or the bidding confirmation pop up and the contents of the legal pack, the contents of the legal pack shall prevail.

Price Information

Guides are provided as an indication of each Seller's minimum expectation. They are not necessarily figures at which a property will sell for and may change at any time prior to Auction. Following the fall of the hammer contracts are exchanged and there is no going back!
