The property combines charm and sophistication, providing a clean and well-maintained living space that is both comfortable and stylish. Its spacious interior is complemented by a beautifully landscaped and well-stocked garden, ideal for outdoor relaxation and entertaining.

Accommodation

Spanning two thoughtfully arranged floors, the interior is light, airy, and spacious, making it suitable for elegant living and remote working. The ground floor includes an entrance hall, a cloakroom, and a sitting room that provides a sense of serenity while overlooking the front garden. The kitchen and dining room form a bright and inviting space, enhanced by French doors that open out to the rear garden. The kitchen is fitted with built-in appliances, timber block-edged work surfaces, and engineered oak flooring. The room also benefits from views across the surrounding valley. Upstairs, a staircase leads to three bedrooms that offer tranquillity and natural light. Two of the bedrooms include built-in double wardrobes. A stylish and well-appointed bathroom serves the upper floor.

Design and Features

The property features tasteful décor throughout, along with modern enhancements such as double glazing, gas central heating, and Internet connectivity. These features ensure a comfortable and connected living environment, while the engineered oak flooring and elevated views across the valley add to the home's appeal.

Gardens and Grounds

The gardens have been designed with creativity and care, serving as an extension of the living space. Mature planting, young trees, and curated borders enhance both the front and rear gardens. A raised patio at the rear, along with outdoor lighting, creates a space suitable for entertaining or quiet reflection, giving you somewhere to sit out and enjoy the views across to the surrounding valleys. A gated footpath provides access to both the rear and side of the property, and there is space for two greenhouses.

Parking and Garage

The property includes off-street parking with potential for EV charging, as well as a single garage equipped with an up-and-over door, lighting, and power.
