Hallway

Existing walls to be retained - 150x20mm timber stud partitioning at 400mm vertical c/c and 1200mm cross horizontal nogging. They have previously been plastered either side with 2 x 12.5mm layers of 12.5mm duplex vapour check plasterboard and 12.5mm soundboard board and skim with acoustic dead end at 400mm vertical c/c to either side of stud partitioning. Acoustic quilting has been provided below all timber walls. The walls have been fully filled with 100mm Rockwool insulation.

All external walls have previously been insulated floor to ceiling with 75mm Gyproc Super T Thermal wall based on 'horde' detail with Trestra skin finish.

Proposed Second Floor Plan
