

INTRODUCING
Highcliff, La Rue De La Mare Des Pres, St John, JE3 4DT

Connecting People & Property Perfectly.

The approach the DiCasa team have taken on this spectacular property is nothing short of a Herculean feat. Whilst trying to be acutely respectful to the original building, this complete refurbishment has produced a stunning and traditional, yet also strikingly modern in execution and finish. The grounds too have been completed overhauled, with a heated lit swimming pool, mature woodlands and natural coastal headland. Electronically operated gates and magnificent exterior lighting design brings the granite facades and outdoor spaces to life with accent and ambient lighting around the property. The main house is magnificent in its own right and the DiCasa team were determined to retain its character. And they have succeeded in their vision. It's far from what you would expect and contains the signature DiCasa colour palette of luxe nudes and taupe`s, complemented with rich dark oak wooden flooring and velvet carpets across this 4-bedroom en-suite mansion. The imposing hallway is refreshingly bright and modern but with exquisite traditional touches like the vintage radiator covers, which leads to an impressive walnut rail and wrought iron staircase. The rich dark flooring continues into a formal drawing room and large dining room, finished with luxurious fabrics, elegant rugs and a wonderful collection of antiques strategically placed to make use of the space. The sumptuous colour scheme contains splashes of colour, bold and brave but not too much. Their choice of accessories and sculptures always completes their interior vision and provides an instantaneous homely feel.

As the hardest working room in the house, the DiCasa team always seem to get it right with their beautiful but ergonomic kitchens. Highcliff is no exception with its impeccable layout, neutral and pale blue palette and traditional four oven Aga cooker. The effect of this neutral colour scheme is welcoming and cosy, minimalist and fresh. Reconfigured to produce an expansive island with three breakfast chairs and marble white top, represents a serenity, luxury and comfort to this stylish kitchen. Outside the kitchen there is a wonderful patio, with Sonos inbuilt to the walls, making for the perfect outdoor entertaining space. As with all DiCasa properties, they spared no expense with their fully equipped and sizeable laundry and boot room, a definite necessity by all mothers` accounts!

Highcliff also offers the perfect family room, which has been beautifully decorated around a wood burning stove, surround sound cinema TV and blackout curtains. The thought of winter drinks and dinners around a roaring fire and log burner is too delicious to imagine, especially with their half-moon luxe sofa. Wood burning stoves are also more efficient and cleaner too and excellent alternatives to a real fire. Sustainability is key in every DiCasa home with their designers considering the environment, social and economic impact of every refurbishment, totally committed to sustainable construction and greener living.

The bedroom suites are set across the first and second floors of this grand property. The luxe velvet carpet is throughout giving one that audacious hotel feel. The first-floor master bedroom suite combines contemporary furniture shapes with traditional detailing. Gold gilt antique mirrors adorn the walls and walnut antique pieces align the bedroom.

Each bedroom has the on brand DiCasa walk in wardrobe, an essential requirement for the modern family. The bathrooms in this vast home are en-suite, finished with underfloor heating, luxury sanitary ware and marble. One must remember that with every DiCasa aesthetic, that the only thing one needs to bring when you move in - is your clothes. Even the bathrooms come complete with robes, towels and the obligatory Sonos surround sound in each and every room.

The former garage has been converted into a luxurious two-bedroom en-suite guest cottage, in the same neutral and luxurious colour palette. Substantial in size the guest house has an open plan kitchen and sitting room with a romantic Juliet balcony that overlooks the grounds and swimming pool. Next to the pool there is also a self-contained pool house which contains a full kitchen, changing and shower facilities with inbuilt Sonos to the exterior walls making for fun pool parties. The pool itself has been completely refurbished with new contemporary lighting.

There is no doubt that Highcliff is one of a kind, set within lovely formal gardens, mature woodlands and natural coastal headland. A boundary pushing refurbishment set on a magical spot with a vista across undulating coastal landscape with the DiCasa hallmark of luxury.
